THANK YOU FOR BEING A PART OF HIS MEMORIAL

Cylla, Lotje, family and friends

You came into my life like a creeping plant and established yourself on the walls of my heart. With so much love, care, kindness and a smile you would light up our lives and everyone around. Cracking jokes, playing your music and teaching with passion. My Tarzan, you have left the stage before you could finish your song. BROKEN. Our legend, may you soar high like an eagle in the heavenly places and know we will never stop loving you till we meet again.

Special thanks to Hugo, Luc, and Stefaan for everything you have done for him and his family. Johannes, Lut, UZ medical staff and friends around the world, thank you for your support.

REST IN PEACE MON AMOUR
